

Google's Attempts to kill off patent protection for U.S. inventors

Fri, 01 Jul 2016 14:12:02, newstips66, []

Google is Attempting to kill off patent protection for U.S. inventors -

Google funded a program to change U.S. patent laws to prevent inventors from collecting the money that Google owes them for stealing their products. Google put it's lawyer in control of the U.S. Patent Office.
