

Put Google Out Of Business

Google-Alphabet is the most criminally corrupt, socially destructive, immoral, lying, sex trafficking, politician-bribing, collusion-operating, misogynist, citizen privacy abusing, child abusing, spying, cronyism-based, stock market rigging, filthy, illicit, evil entity on Earth. They only still exist because of bribes to regulators and government spy contracts with many nations and political parties. Put them out of business!

How bad is Google, ethically? : r/privacy - Reddit

I'm certainly not saying **Google is** good, or even not bad, and I don't advocate for, "settling," for **Google** products, but I am curious about how heavily people (especially people in this sub) weigh their crimes of privacy/data infringement and censorship against other companies, "sins." Would love to hear your thoughts! Archived post.

Don't be evil - Wikipedia

" Don't be **evil** " was formerly **Google** 's motto, and a phrase used in **Google's** corporate code of conduct. [1][2][3][4] One of **Google's** early uses of the motto was in the prospectus for its 2004 IPO. In 2015, following **Google's** corporate restructuring as a subsidiary of the conglomerate Alphabet Inc., **Google's** code of conduct continued to use its original motto, while Alphabet's code of conduct ...

I know that Google is "evil" but have YOU ever had to deal ... - Reddit

159 votes, 96 comments. true But have you ever faced or dealt with the consequences of this "fact"? I mean besides ads (which I NEVER had to deal since I'm using ad blocking software), some articles

and a lot of speculation, what is the everyday result to my/your life? (I know the story about the father who run into problems after uploading a photo of his son's genitals for a medical diagnosis).

Is Google Satan? - California Learning Resource Network

Jul 2, 2025The question '**Is Google** Satan?' **is**, on its face, absurd. It's a provocative statement rooted in anxieties surrounding technological dominance, data privacy, and algorithmic control. While no reasonable person genuinely believes **Google is** literally demonic, the question serves as a potent metaphor for exploring the ethical implications of the company's pervasive influence on modern life.

Still 'Being Evil' at 25: Updating the Google ... - CreativeFuture

Google turned 25 years old in September 2023. In that same month, it also faced off with the U.S. Department of Justice in a historic antitrust trial over the company's signature product, **Google** Search. What an appropriate way to celebrate the "Don't Be **Evil**" giant's birthday! The trial began on September 12 and ended on November 16. Closing arguments took place on May 2-3. The ...
